

Website Committee Report

8/7/2016

The task of creating our website started near the end of last year (2015) and we officially launched on June 30, 2016. It is meant to be a place where residents can find information about the park and its operation, including but not limited to financials, reserve study and taxes. The website is also a mini-guide to the local area, with links to land transportation, ferrys; links to radio/tv stations; weather information and many more places and things of interest. Our goal in designing this site has been and continues to be to make it a place that residents happily go to and are proud of.

We are continuing to make updates and changes/additions to the site as necessary. Eventually there will be an area for videos and photos of many of the park activities, such as Herstory, holiday gatherings, the Annual Weekend.

Ideas about what residents would like to see on the site are always welcomed. If you went someplace and had a great time, took photos or videos and you think this would be of interest to others in the park, come see us and we'll talk about getting it up on the site.

Our Amazon affiliate account is doing very well. We have over \$315 in sales shipped and another 20-40 orders waiting to be shipped. Only after orders shipped do we receive our affiliate percentage.
