

ALRC – Report BOD Meeting September 29, 2017

Our members are Loretta Date, Jackie Lanum, Gail Young & Lin Makela.

We have issued permits for three (3) new ALRC projects this month and assisted Leaseholders with information for several potential future projects and revisions to prior requested projects. The committee also approved a Staff Design Request for the new **compost bin** for green waste at the end of the upper sheds. All of these actions were recorded in our Meeting Minutes and the Open Permits List. The ALRC meeting minutes are posted weekly on the bulletin board in the mail area and all Board members and the Park Manager receive a hard copy in their Board boxes in the office after every ALRC meeting.

This past Tuesday, Sept 26, was the final scheduled ALRC meeting for the summer season and Gail Young has agreed to be the winter season representative for the ALRC committee. Please contact Gail and/or Barb Gilger for any assistance concerning ALRC matters.

Respectfully submitted:

A handwritten signature in black ink, appearing to read "Lin Makela". The signature is fluid and cursive, with the first name "Lin" and last name "Makela" clearly distinguishable.

Lin Makela, ALRC Chair
