

New Leaseholders: Ilyse Lifton and Denise Bredesen, former renters on lot 7 purchased the lease

Monthly Electric Bills: Electric Bills will be read between the 22-24th of the month to coincide with when the PUD reads the meters. Monthly electric bills and statements will come out at the first of the month. Leaseholders who have a zero balance or whose only balance is the current electric bill will not receive a statement along with their electric invoice.

Preparing for and participating in the budget preparation has been biggest project.

Starting next week I go to a four day work week, Monday through Thursday.
