To Whom It May Concern:

I am writing this note in support of Michele and Evelyn Ransom who are requesting approval from ARC to place a small tent on their property (Lot 60) to protect their fragile potted plants. While I understand that many community members may drive or walk by the Ransom's property, only my partner, Gale Swafford, and I would regularly be viewing the tent directly from our lot.

I hope that ARC and the BOD will reconsider Michele and Evelyn's petition to provide the necessary cover for their plants.

Thank you for your consideration.
