

Web Team Report 5/25/18

Calendar

As all of the fun activities are being planned for the summer, we'd like to remind everyone who schedules park events to please let Melinda know so that she can post them on the shared electronic calendar. Our goal is for this calendar to be the most complete and accurate source of schedule information in the park, so also please alert her if you notice that an event is missing or incorrect.

Amazon affiliate program

Another great way to help the park earn money is to get us credit for stuff you're going to buy anyway by navigating to Amazon through one of the links on the website. For example, if you buy your new Free and Clear laundry products through the links on the site (Facilities section > Laundry page) the park will receive a percentage of the money you spend. You don't even have to log in to the site to shop through our Amazon link - just go to www.discoverybayresort.org and click on the big Amazon banner. We've earned \$246 from Amazon sales so far this year.

Logging in

Speaking of logging in, please contact any Web Team member if you need help remembering how to get to the website and log in. The Web Team is currently composed of Lynn Brem - Board liaison and tech geek, Joan Gardiner and Jeri Praul - content wranglers, and Melinda Dewey - calendar maven.

Organization and navigation project

Our current focus is working to apply consistent navigation and layout to pages in the Groups section, and to work with committee chairs to update that content. If your committee would like to volunteer to be next in line next please let one of us know. This month we revised the Board of Directors page in the Groups section to make it easier for leaseholders to find the documents from Work Sessions and Board Meetings, and easier for us to maintain.
