

As far as I know, only two people-Jackie Cairns and Susan-have volunteered for the Elections Committee. The call for Candidates will be next week and we could use a couple more volunteers for the committee.

For those few of you who have not used the laundry since last year, there is a quarter machine in the laundry room that changes ones and fives.

We have had \$52,143.07 in total Septic Expenditures

\$44,800.00 paid to ADC for Tasks 1 through 3 completed

\$47,500.00 still due for completion of Tasks 4 and 5

All the financial information is available on the website and my door is always open to explain reports or answer any questions.

For all you of you lucky snowbirds who were NOT here for the treacherous winter that we Warriors had to survive, I would like to acknowledge all Barb's hard work keeping the Park going during the snowstorm and keeping the Septic project on track this winter. If any of us Winter Warriors look a little worse for wear, it is because we are worn out from shoveling snow and freezing our posteriors off!!

For those of you who weren't here, good for you and welcome back.

Melinda Dewey

Office Manager
