

Activities Update 4/19

Activities had a very busy summer of concerts, dinners and other fundraising events for the septic system. Thanks to everyone who helped make the events a success.

Over the winter Activities organized a Thanksgiving dinner, Christmas dinner and New Year's Eve dance. To start off the spring/summer season there was an Easter egg hunt and dinner.

Plans for the summer include:

A variety show in July

An art and crafts show

Classes by a massage therapist for posture and foot care

Art classes in perspective drawing and art history

Workshops building owl and bat boxes

Other classes are welcome, if you have other ideas please contact the Activities Committee.

The Activities Committee is seeking new members and remember, we have food. A meeting will be set for May so please sign up and join the fun.
