

ALRC Monthly Report for DBR BOD meeting September 22, 2022

ALRC members have been continuing to work diligently on permits, measurements and closing on permits.

In September we had: 7 new requests; 15 open permits; 3 permits to be reviewed, closed, and filed. Closed and processed 2 lot requests for measurements.

On-site training is being planned with Tenna for ALRC members for consistency on lot measurements.

Respectfully submitted,

Karen Kittlehurst, Chair ALRC Committee
