

## **LARC Monthly Report for DBWC BOD meeting March 21, 2023**

LARC members have continued to meet with a focus on the revisions in Standards.

The following reflect for the month:

New requests: 5

Monitoring: 25 (need to investigate, believe up to 12 may have closed-permits not returned)

Lot Measures completed: 4

1 park model delivered

Committee is working hard to continue revisions on the Standards. Mary and Karen have done the physical work on the lot measurements.

Sincerely,

Karen Kittlehurst, chair of the LARC committee

Respectfully submitted,

Karen Kittlehurst, Chair ALRC Committee
